VIRGINIA AND WEST VIRGINIA.—Messrs. Robertson, Sutherland, and Ayler, our commissioners for the adjustment of the State debt with West Virginia, returned on Saturday, the Legislature of West Virginia having, a few hours before adjourning sine die, passed a joint resolution authorizing Governor Stevenson to appoint three commissioners on behalf of West Virginia. One of these commissioners is to be appointed from each of the congressional districts of that State, and the names of these commissioners have not yet been announced.

Upon the first arrival of our commissioners at Wheeling there was some disposition manifested to postpone all action until the decision of the Supreme Court and the dismissal by Virginia of the suit for the recovery of the counties of Jefferson and Berkeley, and of this policy Mr. Charles James Faulkner was a strenuous advocate. An amendment to such effect was adopted in the Senate (to the House bill for the appointment of commissioners), but upon the House of Delegates refusing to concur, the Senate amendment was withdrawn, and the joint resolution, which originated in the House, was adopted.

There was much unanimity in the final action of the Legislature in the passage of the resolution for the appointment of the commissioners, and it passed the House of Delegates by a vote of 40 to 8, and in the Senate by a handsome majority.

During their week's sojourn in Wheeling our commissioners were treated with great respect and kindness by the governor and Legislature. Gov. Peirpoint, who is now a leading Radical member of the House of Delegates, advocated the joint commission in a very good speech. The first meeting of the joint commission will probably be held in this city, and steps will then be taken for the commencement of what will necessarily prove a long, important, and most laborious work.—*Rich. Dis.*

MODERN PARAGRAPHING.—The new style of paragraphing affords a fine field for the exercise of ingenuity in conveying the item of the death of a victim. The Cincinnati Times offers the following examples:
"That was a bitter joke of the man in New Jersey who put a quantity of jalap in some beer his friend was about to drink. The funeral was very generally attended."

"John Smith, in Nebraska, said he could handle a rattlesnake the same as a snake-charmer. The churchiness of the undertaker in demanding pay in advance delayed the funeral four days."

"A circus rider in Texas tried to turn three summersaults on horseback the other day. The management sent back to New Orleans the following day for another summersault man."

"A man in New Jersey couldn't wait for the cars to get to the depot, and jumped off. His widow has sued the insurance company."

"Few men would attempt to dry dampened gunpowder in a kitchen stove. A man in Canada did. His afflicted family would be glad of any information as to his whereabouts."

"In Massachusetts, the other day, a man thought he could cross the track in advance of a locomotive. The services at the grave were very impressive."

"A man warned his wife in New Orleans not to light the fire with kerosene. She didn't heed the warning. Her clothes fit her second wife remarkably well."

"A boy in Detroit dis-regarded his mother's injunction not to skate on the river, as the ice was thin. His mother didn't have to cook for so many as she did by one."

FALSE EDUCATION.—Class distinctions in American society, defined by the amount of money possessed by individuals, have of late become a feature of comment by the press of the country in discussing the subject of false education. Sons and daughters are brought up with extravagant tastes, false notions of respectability, and without proper preparation for filling useful and remunerative places in a work-a-day world. Fathers are overworked, and overburdened with care and anxiety to maintain their families in luxurious idleness, and a style which does not permit any preparation for the future. By-and-by the overtasked, premature broken man dies, or meets with reverses which he has not energy left to rise above. Then comes the collapse. The false position vanishes when poverty appears. From helplessness, ignoble dependence on the husband and father, in affluence or its simulation, the family are reduced to a wretched dependence on the cold charity of a world which care not a fig for their antecedents, and really values them only according to their market value as workers.—*Balt. Sun.*

[There are "words of wisdom," to be "marked, learned, and inwardly digested" by all young people who look to the future.]

FEMALE JURIES.—The N. Y. World is facetious upon the Laramie Jury, where eleven women were drawn and but one man. It deplores his writing under the desultory discussion of points of law and points of dress, of matters of fashion, in which his eleven colleagues, as is the innumerable and inconsequential custom of their sex, inevitably indulge themselves. There was no male companion of his misery with whom he might take sweet counsel, or deliberate, in the usual manner of the Western Jury, the issues raised by a game of seven up. Surely, it might, without detriment to the cause of equal rights, be conceded that at least two men, or else none, might serve on each jury for which women were impaneled.

MEDICAL.
BALTIMORE LOCK HOSPITAL,
ESTABLISHED AS A REFUGE FROM QUACKERY.
THE ONLY PLACE WHERE A CURE CAN BE OBTAINED.
DR. JOHNSON has discovered the most Certain, Speedy, and only Effectual Remedy in the World for Weakness of the Back or Limbs, Strictures, Affection of the Kidneys or Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Langor, Low Spirits, Confusion of Ideas, Patience of the Heart, Timidity, Trembling, Dimness of Sight, or Giddiness, Disease of the Head, Throat, Nose, or Skin, Affections of the Liver, Lungs, Stomach, or Bowels—those who by the disorders arising from Solitary Habits of Youth—secret and solitary practices more fatal to their victims than the song of Syrens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

YOUNG MEN.
Especially, who have become the victims of solitary vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most excellent talents and brilliant intellect, who might otherwise have ennobled listening Senators with the thunders of eloquence, or won to glory the living hero, may call with full confidence.

MARRIAGE.
Married Persons, or Young Men contemplating marriage, being aware of Physical Weakness, Organic Debility, Deformities, specially cured.
He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

ORGANIC WEAKNESS.
Immediately cured and full vigor restored.
This distressing affection, which renders life miserable and marriage impossible, is the penalty paid by the victims of impropriety. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into this error, than by those who are prudent? Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The System becomes deranged, the Physical and Mental Functions weakened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Patience of the Heart, Intuition, Constitutional Debility, and Wasting of the Frame, Consumption, Decay and Death.

DR. JOHNSON.
Member of the Royal College of Surgeons, London, Graduate of one of the most eminent Colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia, and elsewhere, has cured some of the most astonishing cures that were ever known, many troubled with ring in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind: were cured immediately.

TAKE PARTICULAR NOTICE.
Dr. J. addresses all those who have injured themselves by improper indulgence and solitary habits, which ruin both body and mind, unlifting them for either business, study, society or marriage.
These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.
